Exercises xx

Exercise x.x

Hello world! Latex syntax for inline math, e.g. π, and displayed equations,

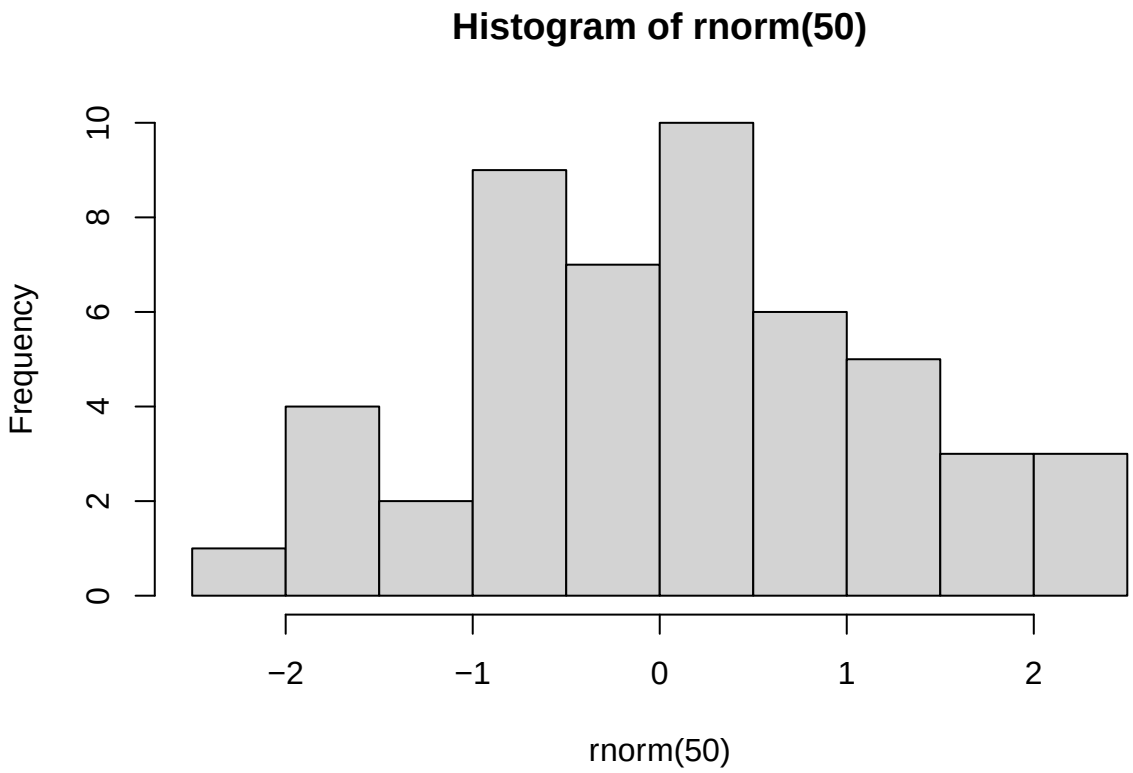
$$A = \pi r^2$$

R code

```
  rnorm(10) |> mean()
```

```
## [1] -0.2021651
```

```
  rnorm(50) |> hist()
```



Include code from external Stan file

```
```{stan output.var = "m", file = "model.stan", eval = FALSE}
```
```
